RELEVANT SKILLS

- MERN Stack Development
- React.js
- Node.js
- Express.js
- MongoDB
- JavaScript
- HTML5
- CSS3
- RESTful APIs
- GraphQL
- Version Control (Git)
- Problem Solving
- Team Collaboration
- Strong Communication Skills

LANGUAGES

- Arabic (native)
- English (very good)

WORK EXPERIENCE

Summary

- Hey there, I'm Mahmoud Aboelli, a React Native/React software engineer, and I graduated from Kalbonyan Elmarsous.
- I'm really into technologies like HTML5, CSS3, JavaScript, TypeScript, Node.js, Python, and NoSQL MongoDB.

- Kalbonyan Elmarsos Sep 2022 - Feb 2023 Software Engineer Intern Egypt
- Completed a rigorous software engineering internship involving extensive coursework and practical projects, enhancing my programming skills and software development expertise.
- Gained a strong foundation in software development through courses covering programming fundamentals, Object-Oriented Design, Algorithms, Data Structures, APIs, Software Testing, and web development basics.
- Developed advanced JavaScript and React skills, building real-world applications like Note-Taking and Expenses Manager Apps, and mastering asynchronous JavaScript and React frameworks.

•Techs:

MERN STACK [React JS, Node Js, Express, Mongo DB]

- But what truly gets me excited is developing with React Native and working on mobile apps.

And I already sharpen my ReactNative skills by developing a lot of apps.

EDUCATION HISTORY

Kalbonyan Elmarsos internship

Full Stack Development Roadmap

Year of Graduation: 2023

Bachelor of Social Work

Institution: Fayoum University

Year of Graduation: 2008

CERTIFICATIONS

- Master Node JS & Deno.js, build REST APIs with Node.js, GraphQL APIs, add Authentication, use MongoDB, SQL & much more!

- React - The Complete Guide (incl Hooks, React Router, Redux)

- JavaScript - The Complete Guide 2023 (Beginner + Advanced)

- Build Responsive Real-World Websites with HTML and CSS

- Programming Foundations: Beyond the Fundamentals

- Programming Foundations: Fundamentals
